

## SHERIFF, EASTER BUNNY SHARE JOY WITH PATIENTS

Clay County Sheriff Randy Krukow teamed up with the Easter Bunny Foundation Friday to share with others the excitement and wonderment that only a personal visit with the Easter Bunny can bring. Sheriff Krukow and the Easter Bunny hip-hopped their way through Spencer Hospital, bringing smiles to the faces of patients, both young and old. The Easter Bunny Foundation is a nonprofit organization based in Florida which teams up with sheriff departments across the nation to visit hospitalized children at Easter time. The foundation provides plush toy bunnies or coloring books and crayons to each child visited. Sheriff Krukow says the purpose of the organization is to bring smiles to the children and families they visit as well as to highlight the positive role of the sheriffs and deputies who serve the people of their community.
