The Easter Bunny Foundation  
Sam and Eleanor Meiner  
2348 Falmouth Road  
Maitland, FL 32751

Dear Mr. and Mrs. Meiner:

On behalf of Sheriff Bob Fletcher and the entire Ramsey County Sheriff's Office, I would like to thank you for the opportunity you have once again given our organization to partner up with you in bringing the Easter Bunny Program to our local hospitals over the past Easter holiday weekend. As previous years, your Easter Bunny Program was a huge success with the children and their parents. It was wonderful experience to see their faces when the "Easter Bunny" walked in and handed out your plush stuffed bunnies and coloring books you provided.

It was truly great to be apart of such a wonderful program, which allows law enforcement to positively connect with children and to support a mission of bringing a smile to a child's face who is sick in the hospital. I can personally attest that you met and exceeded this goal and then some. I have forwarded several digital photographs electronically to your office at Easter Bunny, Inc. to share with you our experience with the "Easter Bunny" and the children, parents and staff we met that day.

In closing, I would like to thank you again for the opportunity to take part in your Easter Bunny Program. I wish Easter Bunny, Inc. continued success and I would highly endorse and encourage all Sheriffs throughout the country to take advantage of your special program. Your thoughtfulness and generosity in sponsoring this program is truly making a difference in the lives of children. I also want to acknowledge Ms. Khira Williams who has been wonderful to work with over the past six years; she is extremely helpful in providing us with the necessary information and items to make this program a success. Once again, thank you for your generosity and I wish you and your organization the best. If I can ever be of any assistance, please do not hesitate to call me at 651-266-9393.

Sincerely,

A handwritten signature in black ink, appearing to read 'Mark A. Pettit', written over a horizontal line.

Mark A. Pettit
