Dear Ms. Williams:

On behalf of the Kanawha County Sheriff's Office, we would like to personally "Thank You" for allowing our department to partner with your organization in bringing the Easter Bunny Program to our local hospitals this Easter. This was the fifth year our department had the opportunity to participate in such a wonderful event.

It was great to join a program, which allows law enforcement to meet children in such a positive manner. Those children's smiles touched everyone participating. We also took time to visit the elderly at their centers, they were delighted.

This program has been fun for everyone, and we look forward to participating again next year.

Sincerely,

Michael Y. Rutherford
Kanawha County Sheriff
