Dear Paula,

I would like to personally thank you and the Easter Bunny Foundation for making Easter here at Marion General Hospital much more enjoyable. The families were so grateful that you and the Easter Bunny came to visit them. The parents were so grateful that you gave your time and let them take pictures with the Easter Bunny.

This is a wonderful community service that the Grant County Sheriff Department along with the Easter Bunny Foundation has done for our patients at Marion General Hospital. On behalf of the Family Birthing Center and Pediatrics, I would like to thank you so much!

Sincerely,

Jessica Moses, BSN, RN
